

1f RIM JOIST AT PARALLEL WALL

Use single I-joist for loads up to 2000 plf, double I-joists for loads up to 4000 plf (filler block not required)

Wall sheathing as required

Provide backer for siding attachment unless nailable sheathing is used.

Attach rim joist(s) to top plate with 8d nails @ 6" o.c. (when used for lateral shear transfer, nail to bearing plate with same nailing as required for decking)

RIGIDRIM® Rimboard may be used in lieu of I-joists. Backer is not required when RIGIDRIM® Rimboard is used.
